

Sendai Framework Monitor Training and Learning

**6th Meeting of
Expert Group on Disaster-related Statistics
in Asia and the Pacific
Bangkok, 23-25 April 2019**

In support of the Sendai Framework
for Disaster Risk Reduction 2015 - 2030

1

SFM Training

Regional workshops
Initial Regional Workshops conducted targeted NDMOs & National Statistics Offices from member states, and regional organizations.

National workshops
National workshops attempt to include all national partners from Government, and others stakeholders identified by Government such as academic, NGOs and private sector.

Feedback
Feedback and evaluation of workshops has been positive with:

- Advice that countries like the linkages with the SDGs
- Countries like the online reporting links to national DesInventar Damage and Loss Databases

for Disaster Risk Reduction 2015 - 2030

2

UNISDR Work with Countries in Asia & the Pacific

Training covered linkages to SDGs and National Damage and Loss Databases, Orientation to and hands-on training using a Learning Version on the actual Monitor.

A total of 29 x Countries
(19 Asia, 10 Pacific)

Regional Partners and UN agencies were included to assist in supporting Countries and multiplying UNISDR outreach.
