

Workshop on Five-year plan of Technical Working Group (TWG) on Disaster-related Statistics

The workshop will be held virtually on Friday, 21 May 2021, 13:00 PM – 15:00 hours, Bangkok time.

- [List of Participant - WS on 5YP TWG on Disaster Statistics \(21-May-21\).pdf](#)
- [Draft Five-year plan of Technical Working Group \(TWG\) on Disaster-related Statistics](#)
- [Post-workshop Five-year Plan](#)
- [Event Webpage](#)
- [Meeting Record](#)

Objectives:

- to finalize the 5-Year Strategic Plan of the TWG that is required to support countries to establish disaster-related statistics
- to identify the priority areas where the countries needs support from the 5-Year Plan
- to identify priority areas where the countries can extend support to the 5-Year Plan
- to formulate a work program for the TWG for 2021 based on the 5-Year Plan

Programme:

Time	Activity	Remarks	Outcome
13:00-13:30	Opening Session: (10 minutes) Welcome Remarks (ESCAP) Official opening of the workshop Roundtable introduction of participants Icebreaker: <i>Write your name and your country</i>	Welcome greetings (Maria Talento) Linkage of the workshop, FYP and the TWG with the global processes and a short briefing re the workshop (Rikke Munk Hansen) TWG Chair, (Ariunaa Chadraabaal) Puji Pujiono , ESCAP Consultant	Understanding of the importance of the FYP and how it relates to the work at the country, TWG, and with global processes An Icebreaker cum introduction exercise
13:30-14:00	Review of the Plan (presentation and Q&A) (10 minutes) Using Confluence Platform	Presentation by Puji: <i>Puji requests participants to log in to the Confluence and open the Draft Plan</i> <i>Puji: Highlight of the Plan, and the expected feedback, confirmation or deliberation in the workshop</i>	Appreciation of the plan's content and timeline Participants get to be more familiar to the use of Confluence
14:00-14:35	Country reflection (individual/pair) (15 minutes) Using the Confluence as platform for the poll, it will aggregate the responses to provide highlights of participants' responses to the topic/question task-list Country Reflection Poll Links	Participants respond to a rating scale Poll#1: Country reflection: Participants reflect on their countries: a. Where a country stands relative to certain aspects of DRSF Based on that reflection, participants will give feedback on: b. The extent that their country will need support from the FYP c. The extent that their country will contribute to the FYP	Illustration of what country needs from, and potential to contribute to, the FYP Participants needs to log in to the Confluence This helps underscore the importance of the FYP to the countries' move on DRSF

1 3: 3 5- 1 4: 20	Discussion (45 minutes) <i>Participants will be assigned to three break out rooms by random for a certain length of time using the Teams app. The participants will revise the 3 priority areas of the 5-yr plan document assigned to them using the Confluence platform. After the discussion, the participants will automatically be transferred back to the main room.</i> Group a. Strengthening technical capacity (Chair & Maria) people-group Links to Group 1 Discussion Board Group b. Contributing to international standards (Rikke); and people-group Links to Group 2 Discussion Board Group c. Supporting members' governance of disaster statistics (Vasiti & Puji) people-group Links to Group 3 Discussion Board	Breakout Room discussions: to be led by TWG chair and vice chairs and facilitated by the Secretariat to review and revise the Plan. a. What do countries need from and willing to contribute to, FYP? b. What needs to be added /revised/deleted from the FYP? c. What other notes participants want to pass on to the TWG?	Based on results of the preceding country reflection poll, discuss how the draft FYP can be strengthened Expected result: a more realistic, pragmatic, and responsive draft FYP
1 4: 2 0- 1 4: 50	Synthesis (30 minutes) Back in the main room Each sub-group will choose a rapporteur to report on the changes/inputs to the plan's structure.	Introduction of Poll #2 (Puji) "How important is the FYP to the development of DRSF in your country?" Rapporteurs take turn to read out the highlight of the breakout rooms results: a. Major changes in the Draft FYP b. Other notes to the TWG Synthesis of the reports, confirmation of participants' acceptance of the results (Puji)	Chair: (Mongolia) The Poll is to help participants transition from the breakout to the plenary Report out from the breakout rooms
1 4: 5 0- 1 5: 00	Closing Session (10 minutes) Follow through actions Closing Remarks	Call for volunteer to report in the next TWG meeting (Maria) Closing Remarks, ESCAP (Rikke) Official closing (Chair)	Very short term action plan

Poll #1: Country Reflections

Item 1: name of your country			
	<i>At present, where is your country situated now relative to the aspects of DRSF</i>	<i>To what extent does your country NEEDs SUPPORT FROM the 5 Year Plan</i>	<i>To what extent would your country EXTEND SUPPORT TO the 5 Year Plan</i>
	<i>0: nothing happened yet; 1 (low) to 4 (high)</i>	<i>0: not relevant; 1 (Least) to 4 (Most)</i>	<i>0: not relevant; 1 (Least) to 4 (Most)</i>
Item 2: policy that regulates the integration of disasters data and statistics			
Item 3: policy or agreement that contains the division of tasks between disaster management agencies and the statistics office			

Poll# 2:

How useful is the TWG Five Year Plan to your country? (1: least useful; 4: most useful)

1. Will serve as a benchmark for country's performance
2. Will provide guidance for regional directions
3. Will provide stimulus to catalyse country process
4. Will build common fronts with other member countries
5. Will serve as a guide towards contributing to the global process

Item 4: committee, task force, or working group on disaster statistics that involve both the disaster agency and statistics office			
Item 5: mechanism concerning how disaster-related data are being collected and compiled from the different agencies/sectors			
Item 6: procedure concerning how disaster-related data are being published, disseminated, or shared among concerned agencies			
Item 7: procedure concerning the use of disaster-related data for disaster management and development planning			
Item 8: standardised definition and classification of disaster			
Item 9: common formulation to calculate disaster damage and losses			
Item 10: reporting of disaster related matters in Sendai and SDGs
