

Webinar on Poverty Mapping Using Small Area Estimation

The Webinar is jointly organized by UN-ECLAC Statistics Division and Inter-Secretariat Working Group on Household Surveys. It will be held on 1 July 2021, 10:00am-12:30pm (EDT). [Register](#) for connection details.

It will cover experiences on developing methods to produce more disaggregated poverty statistics using small area estimation methods; and on transforming small area estimation from experiment to official data production.

Poverty mapping using small area estimation
