

14th Meeting of Technical Working Group (TWG) on Disaster-related Statistics

The TWG will hold its 14th virtual meeting on Wednesday, 24 November 2021, at 14:30 – 17:00 hours, Bangkok time. It will be the 3rd workshop on Coordinating the DRSF Business Process.

- [Report of meeting](#)
- [List of Participants](#)
- [Meeting record](#)
- [Event Webpage](#)

Objectives:

Main objective of the workshop: the TWG members will be able to understand how establishing the business process (mainly involving the NSOs and NDMOs as principal agencies) in the form of committees, task force or working groups, and other institutional stakeholders, will facilitate the sharing of responsibilities among relevant agencies under the framework; contributing to the joint development of standard classifications and systems, and to perform more disaster - related data specific tasks, including among others, cooperative data collection; exchange of information and best practices; and technical assistance and common training initiatives.

More specifically, the workshop aims:

1. to review the division of labour among DRSF stakeholders
2. to analyze the institutional arrangements necessary to establish DRSF
3. to propose DRSF coordination structure and mechanisms aims

Presentations:

Items
01. UNDRR_TriggerPresentation_Country coordination
02. Indonesia-One Disaster Data Institutional Mechanisms
03. Vanuatu-Post Disaster Needs Assessment
