ESCAP

Moderator
Alick Mjuma Nyasulu
Statistician
ESCAP

Stats Café 
Good coffee makes your day, but good data helps you decide.

ESCAP 75
MOVING FORWARD TOGETHER

This Stats Café will demonstrate the process of compiling Input-Output Tables and their application in policymaking.

Presentations will showcase the process of Input-Output Tables by the National Statistical Offices of Indonesia and Malaysia. In addition, they will demonstrate a practical application of Input-Output Tables by the Planning Ministry of Indonesia that works closely with BPS-Indonesia. Overall, the café will provide a forum where all questions regarding Input-Output Table production and application in policymaking are addressed.
